Listed above are the routines in your dancer's cohort - *showing in order of performance* . Some dancers will have multiple routines to perform during the same cohort.

Please be sure to have your dancer arrive in the costume that is listed first in the order.

ALL dancers in the cohort MUST arrive at the start time of the cohort. Registration and safety checks will only be available at the start of each cohort. Please be on time, as the timeline is very tight and we are not able to wait for late dancers.

Dancers will be dismissed at the end of the cohort session. A staff member will be signing out dancers as they are picked up. Please be on time to collect your dancer. *(a small number of classes will be given a different specific pick-up time - they will be contacted directly)*

IMPORTANT - At drop-off and pick-up, please only have ONE adult accompany your child to the door. After the registration process is done, we kindly ask you to please leave the area . Do not congregate at the doors. Do not congregate in large groups. Please wear a mask outside while dropping off and waiting for your child.

PARENTS - please wear a mask outside the theatre while dropping-off & picking-up your dancer. Please social distance from other families as well. Please help your dancer to follow distancing and mask rules.

DANCERS - you **MUST** wear your mask at ALL times, including on stage. You must social distance as much as possible. Please be sure to stay in your square of space while waiting to perform, and keep your belongings to yourself - in your designated area.

MDE & The Act Theatre will be strictly following the protocols approved by Fraser Health. Please do your part to ensure all safety guidelines are followed, and to withhold MDE's good reputation. Just because this is a special experience, and we have costumes & make-up on etc - this should not distract us and keep us from doing the right things. Please support & help our whole MDE family to keep safe. THANK YOU!!
